

Mission

Pastoral Care for Staff

At UnitingCare every person matters.

At this time we would like to ensure **all** staff have access to a chaplain. Chaplains are available to staff in hospitals, Aged Care and Community Services and FaDS and that will continue.

The wider Mission Team are also available as a form of chaplaincy. Pre COVID-19 these conversations were usually face to face when you bumped into a member of mission team. With many staff working from home, isolated due to COVID-19 or too busy to have a casual conversation at work, there is no more bumping into mission team at the water cooler.

So Mission Team is going virtual too!

How can you contact us?

- ring 07 3253 4008 and a member of the mission team will ring you back
- email missionteam@ucareqld.com.au and a member of the mission team will ring you back
- chat to chaplain on site

When to ring?

- 24/7

Why you should ring?

- Any reason you would normally chat to a member of mission team applies now.

These could include:

When you have spiritual questions

Feeling anxious or a sense of loss and grief

When you want prayer for yourself, family or friends

Struggling or having trouble sorting our feelings

Our purpose at UnitingCare arises out of the stated purpose of Jesus Christ “to have life in all its fullness” (John 10: 10).

Our staff are “people we serve,” so to that end Mission Team has one message:

We are here to serve you!

Call us anytime or utilise our online resources on Workplace.
